FOR IMMEDIATE RELEASE

## **Ekon Benefits recognized as Top Recordkeeper**

St. Louis, Missouri - February 2016: The National Association of Plan Advisors (NAPA) recognizes local firm, Ekon Benefits, as one of the industry's top recordkeepers in the inaugural 2015 NAPA Black Book, the definitive guide to the industry's top distributors, recordkeepers, and DCIO firms.

The Black Book highlights the foundation of Ekon's business including primary markets served, number of plans & participants served by plan type, services available, and more. While Ekon Benefits is one of the smaller recordkeeping firms in the 2015 Black Book, and the only St. Louis based firm, this recognition is a testament that Ekon Benefits can outperform even the large, national firms. Ekon Benefits is one of the few top recordkeeping firms that specializes in small to mid-sized plans and services all types of employer-sponsored retirement and health & welfare plans.

*A quick summary of the markets served and services offered by Ekon Benefits can be found in the print version of the 2015 NAPA Black Book in the Recordkeepers At-A-Glance chart beginning on page 44. The firm's full profile can be found on page 69 or at [www.ekonbenefits.com/asset/FirmHighlights.pdf](http://www.ekonbenefits.com/asset/FirmHighlights.pdf).*
